Dear friend of the Rib Lake Ski & Snowshoe Club, Inc.:

This club has thrived since 1981. It has developed and maintains Wisconsin's finest cross-country skiing and snowshoeing trail system. The system includes the popular two mile Beginners Ski Loop and an additional twenty-five miles of scenic, diverse trails through the Town of Rib Lake, Taylor County, Wisconsin. In conjunction with the High Point Ski Club, the Timm's Hill National Trail is groomed to Wisconsin's highest point in southern Price County.

The club's objective is to consistently hold open for free, public use a high quality, cross-country skiing and snowshoeing trail system, well groomed on a weekly basis.

Well behaved dogs – under the owner's control – are welcome.

Please consider work as a volunteer.
